

# LONDON HARD WOOD FINISH.

DESIGNED FOR FINISHING

DINING, SITTING AND LIBRARY ROOMS, PARLORS,  
VESTIBULES, STAIR CASINGS, &C.

*By its use over the Filler you produce a fine, soft, velvet appearance, and it is not liable to become spotted or faded by dampness, and after it has been rubbed down with Pumice-Stone and oil, it will not sweat out the same as other hard wood finishes. Many of the finest built Railroad Cars that are fitted up in hard wood, are finished with the LONDON HARD WOOD FINISH. Try it and be convinced of its great utility. One-half the time usually spent in rubbing down Varnish or Shellac is saved, and time is money.*

*Put up in one, two, and five-gallon cans. Directions for use accompany each package.*

Price per Gallon, \$3.50. No Charge for Cans.
